20TH - 21ST OCTOBER

AMALTHEA '18

IIT GANDHINAGAR'S
ANNUAL TECHNICAL SUMMIT

Follow us on:

CONCLAVE

With the theme
"Integrating Technologies"

The theme for this year focuses on exploring the endless possibilities that could be realised through a combination of numerous advancements across various fields of science and technology with a vision to bring about revolutionary changes and to transform ideas into reality.

SYMPOSIUM

With the theme
"Advancing Solar Power Generation"

Solar power is a very promising renewable energy source of power generation that can lead to a more sustainable solution of the energy requirements. In the next decade, India's energy profile will have solar power as a crucial component.

SPEAKERS

CONCLAVE

1] Dr. J.N.Goswami

"Moon Man of India" | Chief Scientist of Chandrayaan-1| Ex-director of Physical Research Laboratory
